

UW-MADISON

2001-02 EXTRAMURAL SUPPORT HIGHLIGHTS

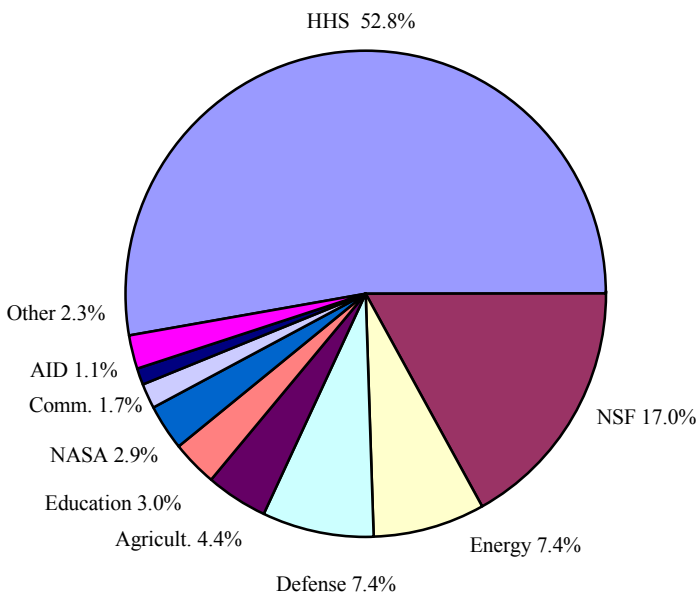

A. Between August 1, 2001 and July 31, 2002, UW-Madison received a total of \$720.3 million in extramural gift and grant awards. Federal awards accounted for 64% of this total; non-federal awards accounted for 36%. Approximately 78% of the awards were for research.

2001-02 Extramural Support By Fund Source and Activity (in millions)

Activity	Non-Federal	Federal	Total
Research	\$146.4	\$414.8	\$561.2
Non-Research	<u>\$110.8</u>	<u>\$48.3</u>	<u>\$159.1</u>
Total	\$257.2	\$463.1	\$720.3

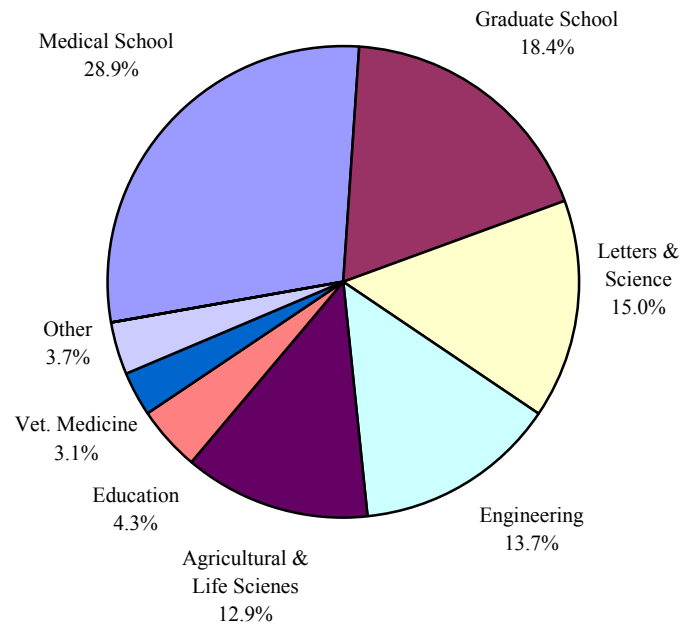

B. Nine federal agencies accounted for approximately 98% of the \$414.8 million that UW-Madison received in federal support for research.

2001-02 Federal Research Awards By Agency (\$414.8 million)

C. Seven schools and colleges accounted for approximately 96% of all awards for research; three schools and colleges accounted for almost two-thirds of research awards.

2001-02 Extramural Support for Research By School/College (\$561.2 million)

D. The three departments that received the largest amounts of total research awards were Engineering Experiment Station, Medicine, and Biochemistry, which were awarded \$38.4, \$28.0, and \$18.0 million respectively.

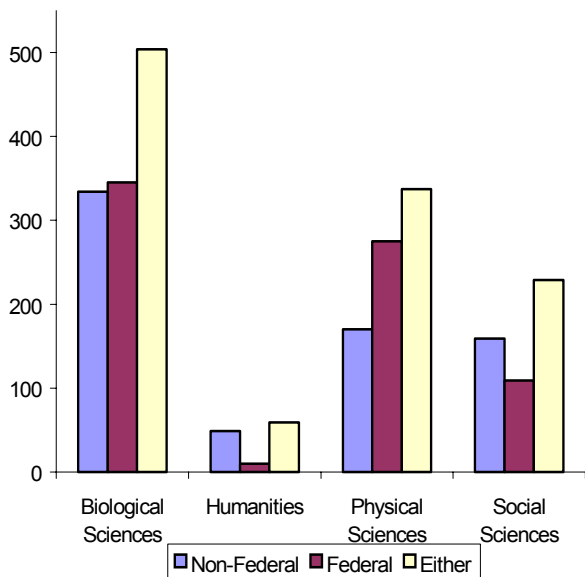

E. For combined research awards to faculty members, 49% were to those affiliated with the Biological Sciences, 1% to those affiliated with the Humanities, 33% to those affiliated with the Physical Sciences, and 17% to those affiliated with the Social Sciences.

F. Of all faculty members, 32% received non-federal research awards; 34% received federal research awards; and, 51% received either federal or non-federal research awards. Approximately 53% of Professors, 50% of Associate Professors, and 48% of Assistant Professors received research awards.

2001-02 Percent of Faculty Members Receiving Extramural Research Support By Fund Source and Divisional Affiliation

Divisional Affiliation	Non-Fed Only	Federal Only	Both	Total
Biological Sci.	23	25	25	73
Humanities	12	2	0	14
Physical Sci.	12	34	22	68
Social Sci.	20	11	7	38
All Faculty	17	19	15	51

2001-02 Number of Faculty Members Receiving Extramural Research Support By Fund Source and Divisional Affiliation

Prepared by the Office of Budget, Planning and Analysis.

G. For faculty members receiving either federal or non-federal research awards, 61% had research award totals of \$100,000 or more, and 11% had award totals less than \$10,000. (Award totals may include more than one gift or grant.) One hundred and three faculty members had research award totals greater than \$1 million. The largest combined federal and non-federal award total for an individual faculty member was \$6.4 million.

H. From 2001-01 to 2001-02 non-federal research awards decreased by 2% (\$2 million). Federal research awards increased by 15% (\$54 million). Total research awards increased by 11% (\$52 million).

Since 1997-98, non-federal research awards have increased at an average rate of 5% per year; federal research awards have increased at an average rate of 17% per year. Annual federal research awards increased by over \$150 million during that period.

Extramural Research Support 1997-98 Through 2001-02
