

# UW-MADISON

## 2004-05 EXTRAMURAL SUPPORT HIGHLIGHTS

### A. Total Gifts and Grants:

Between August 1, 2004 and July 31, 2005, UW-Madison received a total of \$957.7 million in extramural gift and grant awards. Federal awards provided 68% of this total while non-federal awards accounted for 32%. Approximately 80% of the awards were for research.

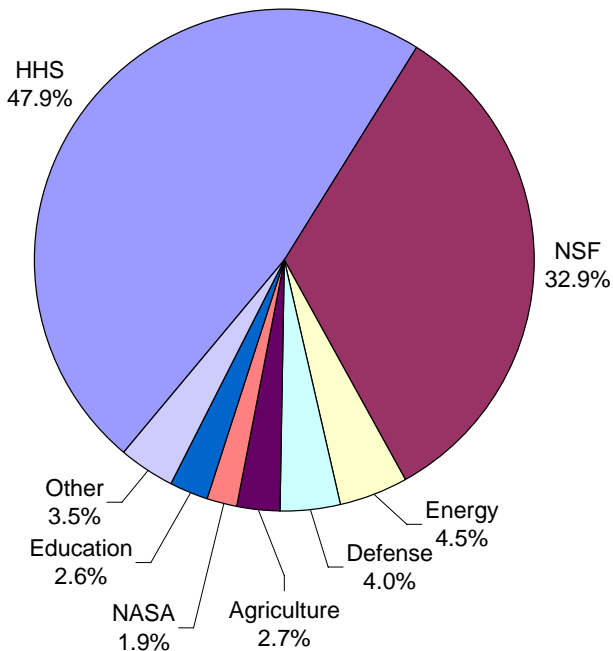

**2004-05 Extramural Support by Funding Source and Activity (in millions)**

Activity	Non-Federal	Federal	Total
Research	\$189.5	\$580.3	\$769.8
Other	<u>\$114.0</u>	<u>\$73.9</u>	<u>\$187.9</u>
Total	\$303.5	\$654.2	\$957.7

### B. Federal Support for Research:

Seven federal agencies provided approximately 96% of the \$580.3 million that UW-Madison received in federal support for research.

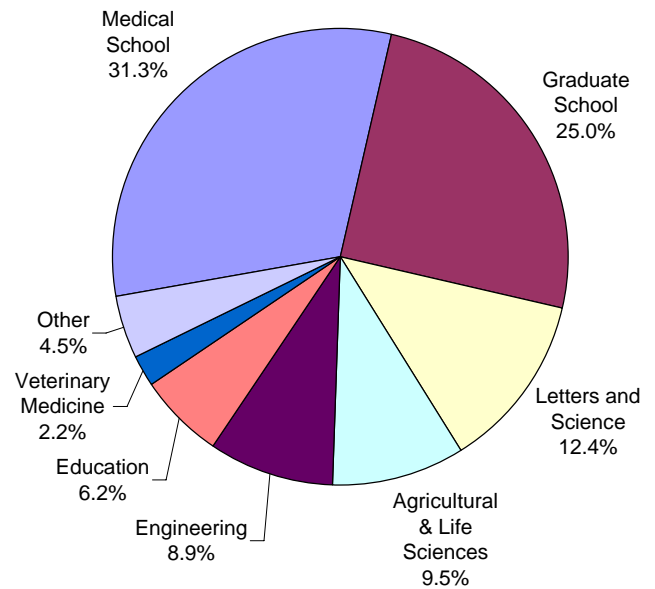

**2004-05 Federal Research Awards by Agency (\$580.3 million)**

### C. Total Research Awards by School/College:

Seven schools and colleges received approximately 95% of all awards for research. Two schools accounted for more than half of all research awards.

**2004-05 Extramural Support for Research by School/College (\$769.8 million)**

### D. Total Research Awards by Department:

The five departments with the largest research award totals were:

Space Science & Engineering Center	\$101.9 m
Wisconsin Center for Education Research	\$44.8 m
Medicine	\$44.1 m
Engineering Experimental Station	\$30.4 m
Biochemistry	\$27.9 m

### E. Total Faculty Research Awards by Divisional Affiliation:

- Biological Sciences - 41%
- Humanities - 1%
- Physical Sciences - 44%
- Social Sciences - 14%

**F. Percent of Faculty Receiving Research Awards:**

*By Title:* Approximately 53% of Professors, 56% of Associate Professors, and 49% of Assistant Professors received research awards.

*By Funding Source:* Of all faculty members, more than half (53%) received research awards with 31% receiving non-federal research awards and 36% receiving federal research awards.

**2004-05 Percent of Faculty Members Receiving Extramural Research Support by Fund Source and Divisional Affiliation**

Divisional Affiliation	Non-Federal		Both	Total
	Only	Only		
Biological Sciences	19%	27%	27%	73%
Humanities	12%	1%	1%	14%
Physical Sciences	12%	38%	20%	70%
Social Studies	21%	15%	5%	41%
All Faculty	16%	22%	15%	53%

**2004-05 Number of Faculty Members Receiving Extramural Research Support by Fund Source and Divisional Affiliation**

**G. Distribution of All Faculty Awards:**

The largest combined federal and non-federal award total for an individual faculty member was \$12.5 million. The median award total was \$183,812. The

distribution of award totals is shown in the following chart:

Faculty Award Totals	# of Faculty	Cumulative %
\$0 - \$10,000	114	9.44%
\$10,001 - \$100,000	344	37.95%
\$100,001 - \$250,000	217	55.92%
\$250,001 - \$500,000	245	76.22%
\$500,001 - \$1,000,000	161	89.56%
More than \$1,000,000	126	100.00%

**H. Annual Comparisons:**

From 2003-04 to 2004-05 non-federal research awards increased by 1% (\$2.1 million) while federal research awards increased by 12% (\$62.8 million). Total research awards increased by 9% (\$64.9 million).

Since 2000-01, non-federal research awards have increased by \$40 million at an average rate of 6% per year. Federal research awards have increased by almost \$220 million during that period at an average rate of 13% per year.

**Extramural Research Support 2000-01 through 2004-05**
